

## → Multi-sports pediment Classic 12 bars infill panels - Street / Leisures

AFNOR Cert. 61477

Direct sealing Ref. HE010303-BAR  
Base plate Ref. HE010313-BAR

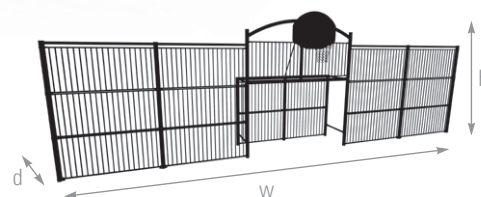

The **METALU+**

- + PEHD **half-moon board**
- + Hoop **height 2.60 to 3.05 m**
- + **102 mm Ø tube structure**
- + Planned for **intensive use**
- + **Hot galvanized** pannels (color in option)

### Compliances

NF EN 15312 standard  
Code of sport

### Size

Size	Internal	Overall
Height (h)	2 m	3.38 m
Width (w)	3 m	11.92m
Depth (d)	1.025 m	1.23 m
<b>Weight</b>	<b>530 kg</b>	

### Technical description

#### Standard equipment:

- **Internal size: 3 x 2 m**
- **Structure: 102 mm Ø galvanized plastic-coated steel tube**
- Bar panels with 26 mm Ø tube at the rear and the sides of the goals welded on 30 mm square tubes
- Panels fixed by aluminium rings, and high goal panels fixed by welded plates
- Tamper proof stainless steel screws
- Junctions and half-round grooves in molded aluminium

#### Basketball goal:

- Hoop height 3.05 m or 2.60 m adjustable during assembly
- HDPE 1/2 moon backboard 1200 x 900 x 20 mm
- Flat iron ring to be fixed to the structure causing no strain to the structure
- Overhang of 0.60 m

#### Optional equipment:

- **Bar panels plastic-coated**
- **Base plate, Ref. HE010313-BAR**
