

Standard portable field gate, partially welded and with oval profile

4 variants to choose from

Goal measure

100 cm

Net mounting

net holding in profile

Article-No.: H2215

Standard portable field gate, partially welded and with oval profile

This small field goal is delivered in four parts, but is welded at all corners and is especially robust due to multiple internal reinforcements. The appropriate anti-tipping ground anchoring for grass fields is included. With these spiral anchors, the goal is tip-resistant according to DIN EN 16579 and safety tested. The oval profile is safer in terms of injury compared to the square design.

Features

- Goal size: 3 x 2 m
- Goal profile: 120 x 100 mm
- Upper goal depth: 80 cm
- Ground frame: 120 x 100 mm
- Color: Silver
- Delivery: 4 parts
- Safety tested
- According to DIN EN 16579
- According to FIFA-DFB regulations
- Including 2 welded tabs for ground attachment
- Including 2 spiral anchors
- Includes net hooks

Advantages

- Very sturdy
- Injury neutral

Product information

Dimensions

shipping weight **29.9 kg**
